

Hardship Policy

The club can reduce squad fees in specific cases of financial hardship. Please contact the Chairperson chair@cocsc.org.uk who will treat all requests confidentially.

Injuries & Fees

For long periods of absence from training because of injury or illness, it may be appropriate that full squad fees are not paid.

1. No reduction in fees will be given for the first four weeks after training ceases.
2. After the first four weeks, the relevant full squad fee will be reduced to the membership fee level of £5 per month.
3. When training begins again, at whatever level, full fees are again payable.
4. To qualify for the reduction the swimmer should first speak to their Coach and then email a doctor's certificate, or note of explanation, to membership@cocsc.org.uk.
5. Before beginning training again, the swimmer should speak to their Coach and also provide a doctor's certificate, or note of explanation, that shows the injury or illness does not prevent training and email it to membership@cocsc.org.uk.
6. Any costs associated with the doctor's certificate are the responsibility of the swimmers.
7. It is the swimmers responsibility to change their Standing Order and keep the Membership Secretary informed accordingly
